# Our students are taught how to think, not what

*“With Sevenhills help I achieved A grades in all my GCSEs. Not only did Sevenhills help me academically but socially as well.” – Eve*

We aim to provide the best possible care and education for young people who have been excluded or are in danger of exclusion from mainstream schools across North East Lincolnshire.

Unconditional positive regard – which puts understanding the needs of children and meeting them at the forefront of school improvement – is at the heart of what we do.

We believe all our pupils can be supported and empowered to succeed and our welcoming, caring and safe environments ensure they achieve positive outcomes.

We create personalised pathways for our students built around their needs and our curriculum provides opportunities for academic progression, transition to mainstream, as well as vocational learning.

We work closely with our families and carers. We welcome their support but realise, at times, they will need ours too.

To experience our environments at Phoenix House, Park House or Sevenhills Academy please contact us to arrange a visit.

Executive Principal

*“My needs were taken into consideration rather than being treated like every other child. I left feeling ready for college.” – Tom*

*“The small classes and dedication of the staff helped me realise I was smart. Without them I could not be realising my dream to be an ecologist” – Emily*

Both Phoenix Park and Sevenhills are proud members of the Wellspring Academy Trust and Ofsted-rated Good.

They, like the rest of our schools, inspire innovation, creativity and aspiration for life.

They share a climate of high expectation.

Children who attend our Grimsby schools can be assured of high levels of care, matched with appropriate challenge, to ensure every pupil gets the maximum from school.
